* Hi-dome and dutch oven covers are interchangeable

Most beautiful and versatile TEFLON coated cookware! Hi-dome cover converts 10" skillet to family-size chicken fryer and multi-cooker... increases dutch oven capacity, too. "Woodgrained" phenol finger grip handles with protective flameguards and hang-up rings match finger-guard lid knobs. "Burnished Mahogany" anodized aluminum covers fit snugly to seal in natural juices for low-flame "waterless" cooking. Polished EXTRA THICK aluminum spreads heat more evenly. Foods never stick to double-coated DuPont TEFLON interiors. To clean just swish with hot sudsy water and rinse like a dish—no scouring. \$34.95 if bought separately!
